**REQUEST TO REINSTATE POWER OF ATTORNEY**

Sir:

This is in response to the Notice Regarding Change Of Power Of Attorney mailed 04/25/2006. This notice states that the Power of Attorney to the undersigned has been revoked by the assignee under 37 CFR 3.71.

The assignee of this application is Reno Agriculture and Electronics of Reno, Nevada. The president of this company, Thomas Potter, Sr., has never revoked the Power of Attorney to the undersigned. A Declaration stating this fact signed by Mr. Potter accompanies this request.

Also accompanying this request is a Declaration signed by Allen Jacobs, the sole inventor, stating that he has never revoked the Power of Attorney to the undersigned.

The undersigned believes that the revocation notice is in error and should be reversed.

In view of the above, the applicant, through counsel, requests that the Power of Attorney to the undersigned be reinstated, and that any correspondence issued in this application be furnished to the undersigned. If any correspondence issued since the date of the notice has issued setting a shortened period for response, the applicant requests that the period be reset from the mailing date of the response to this request.

The undersigned further requests an explanation of how this error in revoking the Power of Attorney occurred.

Respectfully submitted,
